Request Information	
Request Description	
System should be able to store and update worker files when it needed.	
Justification	
This requirement is necessary so that he can quickly find contact information such as name, phone number, ID, location to communicate with the worker he needs.	
Effect if declined (Risk if the project request is declined)	
Since olive oil production is a seasonal business, there is a need for workers every year. and failure to keep this contact information will cause time loss for the user. But it will not affect the operation of the system.
